TEACHING EXPERIENCE

- Instructor of Record, Purdue University*
- POL 327 Global Green Politics (asynchronous online) Winter 2026–27
- Lab Instructor, Purdue University*
- POL 605 Causal Inference (graduate) Spring 2026
- POL 601 Quantitative Methods (graduate; R) Fall 2026
- Teaching Assistant, Purdue University*
- POL 130 Introduction to International Relations Spring 2025, Fall 2026
- POL 327 Global Green Politics Fall 2024, Fall 2025, Spring 2026
- POL 204 Spies and Lies: Studies in Intelligence and National Security Fall 2025
- Other Teaching and Training*
- Curriculum development for college teacher training programs, UNESCO-ICHEI 2023–2024

RESEARCH ASSISTANTSHIPS

- Purdue University*
- Global Digital Technology Annual Report (PI: Eddie Yang) Summer 2026
- Congress Science Bills (PI: Likun Cao) 2025–2026
- California Renewable Energy Promotion (PI: Shan Zhou) Fall 2024

Peking University

Guanghua School of Management

2020–2021

POLICY AND PROFESSIONAL EXPERIENCE

Researcher, UNESCO-ICHEI

2023–2024

UNESCO International Centre for Higher Education Innovation, Shenzhen, China

- Comparative research on the digital transformation of higher education; contributed to joint regional and global reports, including the white paper *Higher Education in the Era of Artificial Intelligence* (2024).

Project Manager and SAP Consultant, Inossem

2022–2023

New Jersey, USA

- Managed SAP S/4HANA implementation and application management projects for corporate clients.

Research Analyst, World Resources Institute China

2022

Sustainable Cities Program, Beijing, China

- Research and data analysis on China’s “1+N” carbon policy framework for low-carbon and resilient urban development.

Consultant, World Resources Institute

2022

Washington, DC

- Comparative analysis of carbon tax design in Chile, Colombia, and Mexico and its potential to finance land restoration (Initiative 20x20).

SKILLS

Programming: R, Stata, Python, SQL, L^AT_EX, R Markdown

Methods: Multilevel models, causal forests and heterogeneous treatment effects, survey experiments (Qualtrics), LLM-based text annotation and validation

Languages: Mandarin (native), Cantonese (fluent), English (fluent), Korean (conversational), Spanish (beginner)
